THE EVENT

The Independent Foundation has decided to award the 2024 **Premio al Español Universal 2024 to Mr. Javier Cremades**, attorney, President of the World Jurist Association, and Chairman of the law firm Cremades & Calvo-Sotelo, in recognition of his outstanding contributions to the international promotion of Spain and the Spanish legal profession.

Javier Cremades is the first Spaniard to lead the World Jurist Association. In this role, he has been instrumental in promoting the Rule of Law on a global scale. Additionally, he has actively led the organization of events aimed at this purpose, such as the **World Law Congress, solidifying Spain's position as an international benchmark in the field of law**. These events, by bringing together experts from around the world, serve as critical opportunities for the exchange of knowledge, the strengthening of international cooperation, and the promotion of democratic values and the Rule of Law.

The ceremony, to be held on **February 7 in Madrid**, will feature a laudation delivered by **Mr. Stephan Harbarth, President of the Federal Constitutional Court of Germany**, alongside other distinguished figures from the legal, business, and cultural spheres. **Below, you will find the program for the event.**
